The above outline is not intended to be a perfectly full and accurate statement of the studies of the New Course. All the Text-Books have not been determined; because it is presumed, that a more judicious selection may be made, as the first class proceeds through the successive stages of the course. The enlargement of some branches and the addition of others, may be practicable, without making the New Course more than equivalent to the Old. There will be no difference in the number of recitations, &c. Much instruction will be given by familiar lectures, which will be made the subject of critical examinations. Lectures specified as delivered to the students of one course, will be attended by those of the other; examinations in them, however, will be confined to those for whom they are specially intended.

The Latin Language may be substituted for the Spanish, in the cases of individuals who desire it.

Those students who shall evince their ability to perform additional exercises, will be permitted, upon application to the Faculty, to attend to particular studies in the other course.

## **Examinations.**

2. Six weeks from the fourth Wednesday of December.
3. Three weeks from the second Wednesday of May.

## ADMISSION.

*Candidates for admission to College* are examined on Tuesday, the day preceding Commencement; or on Wednesday, the first day of the following Term.

*Testimonials.* The candidate for admission to College, previous to his examination, must produce satisfactory evidence that he sustains a fair moral character, and that he has completed the part of the course preparatory to the standing for which he is offered. If he has been a member of another College, a certificate of regular dismission will also be required.

*Age.* No one is admissible to the Freshman Class until he has completed his fourteenth year; nor to an advanced standing without a corresponding increase of age.

*Payments.* The amount of the first Term Bill must be paid by each student on his admission; each subsequent Term Bill becomes due at the close of the Term for which it is assessed. If the student enters in advance, the usual fee or advanced standing,---eight dollars and fifty cents per Term,---will be required, unless such standing shall have been obtained in another College.---A bond in the sum of two hundred dollars for the payment of College Bills, must be given within one Term after admission, unless the student prefers to pay his Term Bills in advance. The Bills of beneficiaries of Charitable Associations, and of other indigent pious youth preparing for the Christian Ministry, are wholly or in part paid by the Fund appropriated to that purpose. It may also be mentioned, that about thirty-five indigent students are gratuitously supplied with furniture.

*Laws.* Each student on admission receives a copy of the Laws of College, and is constituted a member of College by signing a promise to conform to the Laws, and the regulations of the Faculty.
